type White

producer Villiera Wines

style Dry

winemaker Jeff Grier

taste Fruity

wine of origin Stellenbosch

body Medium

### tasting notes

After careful attention to blending these components we achieved the required result, with fresh gooseberries and passion fruit from the Sauvignon Blanc. The Semillon contributes the more herbaceous, grassy character as well as complexity to the palate.

The wine is balanced with good length, but above all it makes you reach for another glass.

### ageing potential

This wine easy to drink now, although with proper storage it will keep for a further two years.

### blend information

76% Sauvignon Blanc, 24% Semillon

### food suggestions

In the production process we limited the use of additives and avoided all animal products resulting in a wine that is suitable for vegetarians.

### in the vineyard

The 2011 Down to Earth White was influenced by a wet, cold winter followed by a windy and wet Spring.

### about the harvest

The harvest was warm allowing optimum ripeness and intense flavours.

### in the cellar

This wine was created by drawing on years of experience with blending Sauvignon Blanc. To improve complexity we required an additional component and Semillon was the obvious choice.
